Special Call for COVID-19 Projects

The mission of California Institute for Regenerative Medicine (CIRM) is to accelerate stem cell treatments to patients with unmet medical needs. The objective of the Discovery Program is to support exploratory research leading to the discovery of novel stem cell technologies to improve patient care.

DISC 2: The Quest Awards

The Quest Awards Program promotes the discovery of promising new stem cell-based technologies that could be translated to enable broad use and ultimately, improve patient care. Projects funded through the Quest Awards should propose technology that is uniquely enabled by human stem/progenitor cells or directly reprogrammed cells, or uniquely enabling for the advancement of stem cell-based therapies.

Please see the [Partnering Opportunity for Discovery Stage Research Projects](#) page for the Quest Program Announcement, application deadline and other details.

To Submit an Application:

1. Go to the **Grants Management Portal** (<https://grants.cirm.ca.gov>) and log in with your existing CIRM Username and Password. If you do not have a Username, Click on the **"New User"** link and follow the instructions to create a CIRM Username and password.
2. After logging in, select the tab labeled **"Open Programs"**. Under the section labeled **"RFAs and Programs Open for Applications"**, click on the **applicable link to Start a DISC Grant Application**
